CONSTRUCTION PERMIT REQUEST FORM

Instructions

Pursuant to the Association's Covenants & Restrictions and Section 98-50-19 of the Association's Rules and Regulations, no structure or building of any sort shall be moved, erected or constructed until a complete set of plans and specifications have been submitted to and approved in writing by BLCA. All owners must complete a BLCA application and submit their approved plans with any applicable approved permits from Delaware Township to the BLCA Office.

A BLCA permit will be issued upon review and approval of all paperwork applicable.

The property owner is responsible for any damages BLCA roadways and will be held liable for the actual costs of any repairs necessary.

The following are required to obtain a BLCA permit:

1. Completed and signed application
2. Copies of the approved permits obtained from Delaware Township
3. Copies of applicable plans approved by Delaware Township including plot plan or survey

NO WORK SHALL COMMENCE WITHOUT AN APPROVED BLCA PERMIT!

Non-compliance will result in a fine of \$100.00 with 15 days to comply. After 15 days there shall be a \$10.00 per day charge for each day that the violation continues. Permit will not be issued unless all fine amounts due are paid in full.

LIMITATIONS ON CLEAR-CUTTING OF LOTS:

No owner shall clear any tract or part thereof of brush, trees or anything else of a flammable nature, except after having first obtained the approval in writing from the Board of Directors. The BLCA Rules and Regulations Section 98-50-17 carries a fine of not more than \$350.00 for each violation. See BLCA Tree Removal Request Form.

Upon receipt of your BLCA permit,
it must be clearly posted along with the applicable Delaware Township permit.

I understand that all township permits are required and all township ordinances shall be adhered to. I will also comply with the Birchwood Lakes Community Association's Rules & Regulations, Covenants & Restrictions as referred to in my deed of record.

Any damages caused to the BLCA roadways, common areas, etc., are the responsibility of the property owner and the owner will be billed and held liable for the costs of any repairs necessary. The Association shall be reimbursed for all costs involved in correcting any damage caused by the contractors, suppliers, or property owner in regards to any alteration, construction, renovation and/or repairs to the owner's property.

Due to security gate system, the owner's permission is required to allow access to contractors for the completion of the above named project:

I grant BLCA permission to allow access through the security gate system to my property for any and all contractors, individuals or companies requesting to do so beginning on _____, 20____ and expiring on _____, 20____.

I grant BLCA permission to allow access through the security gate system to the following individuals and/or companies beginning _____, 20____ and expiring on _____, 20____.

(Access will only be provided to those named below. Owner must notify BLCA of any extensions in time periods needed for access.)

Birchwood Lakes Community Association

Tree Guidelines

The BLCA Tree Guidelines are intended to preserve the natural beauty and character of our community and to protect our property values. Therefore, the Association will allow the removal of trees on residential lots in the community if there will be no adverse impact on the community or the environment.

- A. No person shall remove any trees over 3 inches in diameter without first obtaining approval in writing from the BLCA office.
 - A Member may remove one to three trees after a Tree Removal Request Form is completed and approved by the BLCA office.
 - Any request to remove more than three trees will require inspection and approval by a BLCA Board member followed by approval of the Board of Directors.
 - Any request to remove one or more trees, when three or more trees have previously been removed from a Member's property, will require inspection and approval by a BLCA Board member and approval by the Board of Directors.
 - In the event of an emergency, a BLCA staff member may inspect the tree(s) to be removed and upon confirmation that it is an emergency situation, approval will be given immediately.

- B. Prior to inspection by a BLCA Board member or staff member, all trees must be conspicuously flagged and property boundary markings identified. The total number of trees to be removed must be noted on the Tree Removal Request Form along with a detailed reason for removal of each tree. Trees will be approved for the following reasons only:
 - a. The tree is dead with no leaf growth over the past six month period.
 - b. The tree has been severely damaged by storm or other natural occurrence.
 - c. The tree is a threat to a home, including decks, sheds, garages and septic systems.
 - d. Trees need to be taken down for new construction (house, shed, garage, septic, per test, etc.) or landscaping.

- C. No trees are to be removed for construction projects until all well, septic and other applicable zoning and building permits and approvals are in place from the Township and BLCA, including a Tree Removal Request Form.
 - A Tree Removal Request Form must be approved before any construction may begin and must include the exact number of trees to be removed.
 - In the event that a new building or other structure is not completed for any reason, all trees that were removed for this construction must be replaced. BLCA will require replacement with native trees 6.0' and 1.5" in diameter measured one foot above finished grade. BLCA will determine the placement of replacement trees based on trees indigenous to the area to be completed within six months of violation and at violator's sole cost.

Penalties:

- D. Any member or tenant who is in violation of these guidelines shall be fined not more the \$350 for each violation. Each tree removed or damaged shall constitute a separate offense. In addition, any member or tenant who causes a tree to be removed or damaged shall repair or replace the tree at the violator's sole cost and expense within six months of violation. The location and planting specifications for replacement trees shall be approved by BLCA prior to replanting. BLCA reserves the right to replace any trees that have been removed in violation of these guidelines, with the violator being responsible to pay the replacement costs to BLCA on demand.

The Permittee hereby acknowledges Section 98-50-19 Construction Permit requirements and the penalties for failure to comply – *Amended effective 10/11/08*

- A. In accordance with the Association’s Covenants & Restrictions, no structure or building of any sort shall be moved to, erected, or constructed until a complete set of plans and specifications have been submitted to and approved in writing by B.L.C.A. All owners must complete a BLCA application and submit their approved plans from Delaware Township with any applicable approved permits from Delaware Township to the BLCA office. A BLCA permit will be issued upon review and approval of all paperwork applicable.
- B. In case of an emergency septic repair, the Delaware Township Permit # must be provided to the office. Once the repairs have been completed and inspected by Delaware Township, a copy of the Township permit must be provided to the BLCA office on the first business day when permit is issued.
- C. The property owner is responsible for any damages to BLCA roadways and will be held liable for the actual costs of any repairs necessary.
- D. Failure to submit completed BLCA application and proper documentation to the BLCA office prior to commencement shall result in \$100.00 fine with 15 days to comply. After 15 days, there shall be a \$10.00 per day charge for each day that the violation continues. BLCA Construction Permit will not be issued unless all amounts due are paid in full.
- E. Project must be completed within two (2) years from date of permit.**
- F. Member shall be fined One Thousand Dollars (\$1000.00) per month thereafter until the Project is completed.**
- G. Completion shall be defined as the date a Certificate of Occupancy is obtained from the Township. Contractor shall present a copy of the Certificate of Occupancy to the Community Manager within ten days of acquiring same. Fine will be levied until the Certificate of Occupancy is provided to BLCA.**
